THURSDAY, OCTOBER 4, 1893.

PLEASED WITH THE COUNTRY

What may be termed the reserve forces of the great Villard party arrived at Chicago Monday and left for the East the same evening. The party consisted of Hon. Sackville West, Right Hon. Sir Arthur Hobhouse, Right Hon. Sir James Hannen, Hon. Allen Johnston, all of England, and Professor Hoffman of Germany. Messrs. West and Hannen, speaking for the entire party, report a most enjoyable trip, and wondered how such great improvements and wonderful changes could occur in so short a length of time. They said there were opportunities for investment of capital all along the route, and some of the party that left Chicago one month ago were by no means backward in taking advantage of the tempting opportunities. They think the immense plains, and plains of Oregon particularly, inviting to capitalists, as the lands are cheaper and the ranges boundless. The English gentlemen said, upon their return home they expected to be questioned very closely about their trip and intended to tell the truth to all people, both capitalists and young men of moderate circumstances. They would advise capitalists to send agents to this country with the view of making extensive investments along the line of the Northern Pacific and to young men they would say that some of this country presented advantages for them that would eventually prove of great benefit. Mr. West also agreed with Professor Hoffman that the German laboring classes were needed to develop the country through which they have just passed, and thought that next season would witness the largest German emigration to America of any previous year. Professor Hoffman proposes to make a special effort to induce his countrymen in comfortable circumstances to locate in the United States.

FARMS IN NEVADA.

The Battle Mountain Messenger very aptly remarks that "there are many fertile valleys in the State of Nevada which, with proper cultivation, would produce large crops of grain or alfalfa; and in a great many instances there is an abundance of water to irrigate thousands of acres of sagebrush land, but our community, as a rule, are not of the farming kind. It seems to be the rule with people who come to this State, that by some lucky chance they will become rich with but little labor on their part. People in other States and Territories are contented to settle down and grow up with the country, and are satisfied if they, in their old age, have sufficient for their daily wants. No one appears to have that idea in settling here. In building their homes, in nearly every case, they excuse the flimsy structures with the remark, 'Well, it's good enough for me. I don't intend to stay here more than two or three years, any way.' And, as mining is about the only business in which a fortune can be made in a short time, our community is principally a mining one. Few men ever pause to ask themselves the question as to how great a number of those who have devoted the principal part of their lives to prospecting have become millionaires, or even obtained a competency. The average is very small; but all seem to labor under the impression that they will be the lucky ones. Thus many an opportunity to settle down, obtain a good home, and lay up a few dollars for the time when their youth shall have passed, and old age is crawling upon them, is allowed to go by, and yet they have not found the bonanza which, in a few years, was to rank them among the millionaires of the United States."

Postmaster Adkinson has notified the Chronicle that it must pay box rent at the Postoffice. He says this is in consequence of peremptory orders from Washington. The Chronicle is highly gratified at this mark of consideration from the Administration; it is an honor never before conferred upon any newspaper on the Pacific Coast.—Virginia Chronicle, 2d.

The Chronicle is too hasty. The new order was issued three months ago and the Reno papers commenced paying at that time.

The results, as far as heard from, show that the Republicans have carried the town, making gains apparently on the figures of a year ago.

The debt statement shows a decrease of the public debt during September of \$14,707,279.

SHOULD BE REMEDIED.

There has been an unusual amount of sickness on the Truckee Meadows this Summer among the farmers residing in that vicinity. Some attribute the difficulty to the low stage of water in the Truckee river and the consequent drying up of the sloughs and swamp lands. If this be the cause, then the farmers should club together and endeavor to raise sufficient funds to lower the channel of the river through the rocky gorge at the head of the canyon below the Meadows, and effectually drain all the low lands in that vicinity. Should the farmers go to work at this in earnest they would undoubtedly receive material aid from the merchants and other business men in Reno. While the scheme might benefit a few directly, by draining and rendering productive, lands that are now practically worthless, nevertheless every farmer in that locality is interested in removing from his midst that disease breeder, if indeed the overflowed lands in that vicinity are such. Farmers living on the verge of the overflowed section are not the only ones affected, for in all dry seasons such a swamp will spread its baneful influence for miles in all directions. Every farmer on the Meadows is, therefore, directly interested, and as the people of Reno are interested in the prosperity of the farmers, there should be a united effort to remedy the evil.

Dakota's Seal.

The Convention adopted the following seal for Dakota when it becomes a State. "A shield draped with an American flag, depending from the peak of an eagle. In the background of the shield a range of hills and the chimney of a smelting furnace. In the center of the shield a river bearing a steamboat. On the hither bank of the river a train of cars. In the middle foreground a field of wheat and a field of corn. In the immediate right foreground a white man at his plough; in the left foreground an Indian and a tepee. Both white man and Indian are looking at a rift in the clouds, where appears the legend: 'Fear God and take your own part.'"

Rough on Delinquent Newspaper Subscribers.

Indinries from many persons as to whether they could be compelled to pay for newspapers sent to their address without authority have called out the following ruling from the Postoffice Department: The liability of a party to pay for newspapers must be determined by the rules applicable to other contracts. When the publisher, without request from the party either expressed or implied, sends a paper, the mere fact that the party addressed takes the paper from the Postoffice does of itself create the obligation to pay for the paper.

The difference in taxes to the county between its assessment of \$14,000 per mile-on the O. P. and \$10,000 is \$1,710. The first move in litigation would have eaten up this insignificant sum.—Eureka Sentinel.

Gness almost any of the lawyers would have been glad to have taken it for the ten per cent. delinquency. But have you not a District Attorney?

Murat Halstead, of the Cincinnati Commercial, concedes that Foraker, the Republican candidate for Governor of Ohio, will be elected by a handsome majority.

Who Is It?—The Silver State says that it is intimated that the object of removing the archives of the Carson Land Office to Eureka, is to furnish a reasonable excuse for increasing the salary to suit the requirements of a gentleman who has figured prominently in Nevada politics, and who expects to be appointed chief of the consolidated office. The law fixes the salaries of the Land Officers as the Silver State should know, and they cannot be changed in any such manner as above indicated. Besides, if it were so, we know of no reason why the receiver at Carson, Hon. Sam C. Wright, is not entitled to consideration as fully as the Eureka man.—Carson Index.

TAUN WORDS.—There is scarcely a daily in the State that could not carry its live advertisements, and run as much reading matter as at present in a 20-column paper the size of the Times-Review. A small paper filled with short editorials on live issues, local events, and crisp news items from abroad, is more acceptable to the general reader than a blanket sheet with long-winded editorials and promiscuous clippings spread over it in big sprawling type. There is no sense in publishing a 28 or 30-column paper in a 20-column field.—Tuscarora Times-Review.

Carson should again put its best foot foremost and secure legislation and such other aid as is necessary to have an annual State Fair at the Capital. The failure of Reno to hold the Fair this Autumn is Carson's opportunity to do something for herself.—Index.

A FIELD FOR CAPITALISTS.

(Battle Mountain Messenger.)

Throughout the State of Nevada there are many very valuable mineral deposits, but it requires capital to develop them, and the question naturally arises how can capitalists or their representatives be induced to visit our mining districts and be led to invest in them. There is no doubt if the mines were properly and intelligently explored, and the ores reduced by the cheapest process adapted to the character of the different varieties of the precious metals which abound throughout the State of Nevada, very large profits could be made and a higher rate of interest obtained than from any other investment now open to capitalists. It has been proved beyond dispute that mining for the precious metals is no more a gamble than any other field open to speculators. All the gambling—if any—that has been done in mining has been done by the stockholders, they having been the principal factors in bringing mining into its present state of depression. It appears to us that if the mine owners in the different districts throughout the State would gather together a fair representation of the ores to be obtained in their respective mining camps, properly label them with data as to the depth at which the ore was extracted, size of the ledge, facilities for obtaining wood and water, and agree upon some one of the large business centers of the Eastern States as a point at which their samples could be placed on exhibition, it would result in great good to the State. Any one of the great cities would be glad to have such a selection as could be sent from this State placed on permanent exhibition in one of their public buildings, where they could be inspected by those interested in mines or mining; but as long as those interested in mines sit down and wait for capital to come and hunt them up, just so long will the mining camps remain as dull as they are at present.

Rheumatism

The failure to wear woolen flannel next to the skin is the most frequent cause of rheumatism, for a common muslin, or silk shirt, of a person in perspiration becomes damp and cold the moment a puff of air strikes it, even in midsummer. This is not the case when woolen flannel is worn next the skin.

This troublesome affection is cured by keeping the joint affected wound around with several folds of woolen flannel; second, live entirely on the highest kind of food, such as coarse bread, ripe fruits, berries, boiled turnips, stewed apples and the like. If such things were eaten to the extent of keeping the system freely open, and exercise were taken so that a slight moisture should be on the surface of the skin all the time, or if in bed, the same thing were accomplished by hot teas and plentiful bed clothing, a grateful relief and an ultimate cure will very certainly result in a reasonably short time. Without these, the disease will continue to torture for weeks, months and years.

Inflammatory rheumatism may, for all practical purposes, be regarded as an aggravated form of the common kind, extended to all the joints of the body, instead of implicating only one or two. For all kinds, time, flannel, warmth, with a light and cooling diet, are the great remedies.

A few years ago Billy Smith, now Postmaster at Eureka, had an autograph letter written by Ben Butler, in which he said he knew of no reason under the Constitution why a Chinaman could not become a citizen of the United States. If Benjamin should happen to corral the nomination for President, and Billy still has the letter, he will be apt to cause the old man some trouble in the way of explanation.—Times-Review.

FACTS AND FIGURES.—If the advocates of the removal of the U. S. Land Office to Eureka will stop to consider how small the business is in that end of the State they will readily see the fallacy it is to make the change. Last month the business transacted was as follows: Carson Land Office, 2,760 acres, Eureka Land Office, 144 acres, and it was considered a dull month in the Carson Land Office.—Carson Appeal.

A Chicago telegram to the Pittsburg Dispatch says that the Western Union has directed its managers to make a census of all newspapers, giving the position taken by each for or against the company during the strike, the papers on the black-list to receive no favors hereafter.

We hope to see the Appeal down somewhere near the top of the list.—Carson Appeal.

It is a very unfortunate matter that there will be no State Fair in Nevada this year. The Board of Trustees had a meeting not long ago and decided unfavorably. But Reno is determined not to be outdone, and has arranged for a Fall meeting of all the noted flyers to be obtained.—Candelaria True Fissure.

Our Carson business men, merchants, professional men, hotel keepers, mechanics, officers, (State and County,) should imitate the example of the Reno people of like condition and secure the proposed race-meeting at the Treadway track.—Index.

The removal of an office from Carson is not only a snub to Nevada but a willful affront to the people of the Nation generally. A Commission should be appointed without delay to investigate the matter.—Tuscarora Times-Review.

THE HOMESTEADS SECURED IN TWENTY YEARS.

(Sacramento Record-Union.)

A Chicago Paper calls to memory the fact that in 1880 the Republican party, then having no power to perform, promised, if vested with authority, to put a homestead law upon the national statute books. The Democrats, who can't help getting on "the other" side, stood out in opposition to it, and raising the constitutional question managed to delay action. But though the war retarded it, the fulfillment of the promise was realized to the country. It now appears, from a statistical report compiled by the Inter Ocean, that from the date of the Act, March 20, 1882, to June 30, 1883, there was no less than 608,630 homesteads taken up. Now this is performance that "counts." Had the Democratic policy prevailed we should have been poorer by that number of homes, since it cannot be assumed that those who "look up" under the Act would have purchased lands of the Government under other land systems. On the contrary the contrary must be presumed. If we admit, however, that a goodly number entered homesteads who did not "live up" to the requirements of the Act, and forfeited their rights thereby, we will still have over half a million homesteads. The Democracy, which is constantly asking what the Republican party has done for the country, can consider the homestead history with profit.

MISCELLANEOUS:

A HOME DRUGGIST TESTIFIES.

Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as

Ayer's Sarsaparilla.

The following letter from one of our best known Massachusetts Druggists should be of interest to every sufferer:

RHEUMATISM. "Eight years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA by the use of two bottles of which I was completely cured. Have sold large quantities of your SARSAPARILLA, and it retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public."
River St., Buckland, Mass., May 13, 1892.

SALT RHEUM. GEORGE ARTHUR, overseer in the Lowell Carpet Corporation, was for over twenty years before his removal to Lowell afflicted with Salt Rheum in its worst form. Its ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SARSAPARILLA. See certificate in Ayer's Almanac for 1893.

PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists; \$1, six bottles for \$5.

Swindlers and Their Victims—How Careless People Suffer in Health and Pocket.

Every streak of sunshine creates a shadow, and behind every truth crouches its corresponding lie. Whosoever has not been in some way fooled and robbed by swindlers and their works has had better luck in life than most mortals. In fact the best witnesses to the value of a given article are the counterfeits and imitations which seek to share its success without possessing a fraction of its merit. Hence it goes without saying that

BENSON'S CAPSULES FOR RHEUMATISM. Are pursued by a host of miserable and worthless imitations, eager to appropriate what they can of the fruits of its victories. These leeches commonly take the form of a cheap plaster.

Now, these harmless and worthless plasters would be detected in a minute if people were careful in reading and remembering names. But most persons merely glance at them, understand partially and forget instantly. What result? This: Desiring to buy BENSON'S CAPSULE PLASTER, their own carelessness enables some storekeeper or druggist, who cares more for five or ten cents additional profit than for the sweets of an approving conscience, to roll them up instead of cheap imitation with a similar name. The deceit often works, while the fraudulent plasters never do.

Don't permit yourself to be thus victimized for lack of a moment's care. BENSON'S CAPSULE PLASTER has stood the test of science and experience and are the product of both. Examine the article, and satisfy yourself that the word CAPSULE is cut in it. Seabury & Johnson Pharmaceutical Chemists, New York. Highest awards—medals—at International Expositions.

IN AND OUT OF TOWN.

What is Being Said and Done in a Small Way.

Fine oysters at the Palace restaurant.
Taking it easy—the sprinkling cart man.

Questionable business—peddling ice in a snow storm.

The recent rain storm has shown up defective crossings to good advantage.

The country butcher wagons have curtailed their trips from daily to semi-weekly.

Imported and domestic cigars and a full line of meerschaum goods, at E. Meyers.

Surveyor General Freibie last month disposed of 5,500 acres of the State domain.

Prof. Foster will deliver a lecture at the M. E. Church to-morrow evening for the benefit of the Reading Rooms.

At the depot yesterday a number of big freight teams were loading with freight for the Northern country.

Bob Lowery's health is again failing him and he will shortly leave the Comstock to take up his residence in San Francisco.

The Standard Consolidated Mining Company has declared the usual dividend of twenty-five cents per share, payable on the 12th.

Colonel G. G. Lyon writes that there are a great number of Carsonites and Renoites at Seattle. No wonder the place prospers.

The rough, changeable and disagreeable weather does not prevent George Becker from manufacturing the best beer in the country.

William Goeggel, the jeweler, offers a set of lady's jewelry—pin and earrings—to the best lady rider at the tournament during the races.

Burt Wilson yesterday pleaded guilty to stealing Dave Lodge's horse and Judge Boardman sentenced him to the State Prison for 18 months.

The coinage executed at the Carson Mint during September, is as follows: Double Eagles \$114,000, Standard Silver Dollars, \$100,000, Total \$214,000.

At Jake Becker's saloon there is a branch, clipped from an apple tree growing in Stephen Connor's orchard that is less than three feet long and contains 27 large red apples.

Rev. W. C. Gray, who some years occupied the pulpit in the Methodist Church in Reno, has left the Nevada Conference and gone to Walla Walla, Washington Territory.

S. M. Jamison, a Reno drygoods merchant, has half-a-page advertisement in both the JOURNAL and Gazette. He will have to hire more clerks and buy more Government bonds now.—Austin Reveille.

The annual meeting of the stockholders of the Eureka Con. Mining Company, for the election of five Trustees, takes place at the company's office in San Francisco on Monday, the 15th day of October.

All the merchants of Jewish faith, whose places of business were closed in honor of the Jewish new year, opened their stores at 5 o'clock yesterday afternoon, and it gave the town the appearance of a lively Monday after a dull Sunday.

The State contract for one hundred cords of wood has been awarded to L. L. Crockett, for \$7 80 per cord. It is also stipulated that in addition to the delivery of the wood he must have it sawed, split and piled.

The storm on Monday and Tuesday extended all over the State. At many places in the eastern part of the State there was a heavy snow storm Monday night. At Wells the snow lay on the ground several inches deep all day Tuesday.

Out Again.

The Ruby Hill Mining News, burned out in the late fire, resumed publication last Monday. Instead of a "salutatory" it addresses its readers in a "continutatory." Among other things it says: We have no fears for the future of our camp, and are willing to risk our all and our friends' all and any and everybody else's all upon the stability, prosperity and true merit of the Eureka District mining resources, and will do all in our power as a journal and individually as a man to further the development of our mines, the success of all business enterprises and the Republican party, "as it was in the beginning is now and ever shall be."

The Ogden Suteau.

In speaking of the suicide of J. H. Barlow, at Ogden, the Bellevue Chronicle says: "He held in his hand a certificate of membership in Des Moines lodge of Odd Fellows, endorsed, 'For God's sake, forgive my rash act; but my life is a failure.'" Barlow's route was between Ogden and Butte. He was in Bellevue last Spring and will be remembered as the party who married Mrs. Lovejoy, the milliner. Other reports state that jealousy was the cause of his suicide." The Mrs. Lovejoy referred to left Reno for Wood River something over a year ago.

Land Business.

The receipt of the professional card of Hon. George W. Merrill, Washington, D. C., reminds the JOURNAL that persons having business before the U. S. Land Office at Washington, will find him a reliable man at headquarters. Mr. Merrill came within fifty votes of being elected Attorney General of Nevada at the last election, and subsequently was appointed the official Land Agent of this State. He will attend to business before all the Departments, and his familiarity with public business makes him a good man to consult.

Dayton's Salutatory Event.

On Friday evening, October 12, a grand ball will be given at Odeon Hall, Dayton, by Lodge No. 12, K. of P. On that occasion there will be in Dayton a grand gathering of the clans of Knights of Pythias. Invitation Committees have been appointed in every town in this part of the State. There is no town in Nevada where they take more trouble to make things pleasant on such an occasion than in Dayton. The Daytonites are very hospitable and sociable.

Cattle Going Blind.

Cattle men inform the Battle Mountain Messenger that there are hundreds of cattle on the Humboldt that are perfectly blind. So far no cause can be assigned for the disease. A scum forms over the ball of the eye, entirely depriving the animal of sight. A few have but one eye attacked. The blindness lasts about twenty days, and, naturally, the animal not being able to travel in search of food loses considerable flesh.

Irrigating Scheme.

The Alturas Independent understands that Geo. H. Bayley contemplates constructing a canal by which he can convey the water of Little Tule Lake, near West Valley, to the sagebrush lands of Madeline plains. Mr. Bailey owns considerable land on the plains, and if his scheme proves successful, it will greatly enhance the value of this property.

Abandoned.

After accepting the new Verdi ridge from the contractors, the Co. commissioners formerly vacated and abandoned the Verdi sand grade as a public highway. This grade is, and always has been a dangerous road, and if people wish to travel over it hereafter, they will do so at their own peril, as the county can no longer be held responsible for accidents.

A Sweet Reward.

H. L. Frost has at last got the best of the bees that have been bothering him all Summer. The first day of the storm made them hunt their hole, and Frost "smoked" them out. He was liberally rewarded for he gathered in about one hundred pounds of honey, a portion of which was consistently donated the JOURNAL.

A Handsome Prize.

W. L. Bechtel is the first to offer a prize to the lady who shall be successful in the Tournament at the forthcoming races. It is a beautiful set, earrings and breastpin, with a solitaire gem in each. It is on exhibition in Goeggel's show window.

There were just two passengers into Virginia on the V. & T. yesterday morning.

After the Horse Thieves.

The cattle men of the northern part of Humboldt county are determined to stop horse stealing, and say they will spend thousands of dollars, if necessary, for the arrest and conviction of the thieves who stole Jerry Hearn's and other horses last week. As a starter, three of them, namely, Colonel Hardin, Hook Mason and J. P. Anderson, offer \$450 in addition to the \$250 offered by Hearn for the arrest of the horse thieves.

Can't Agree.

The jury in the Combs case came into Court last evening and notified Judge Boardman that they could not agree. The judge sent them back to the jury room. A failure to agree is just as good as an acquittal for Combs, as he will not be tried again.

Court Orders.

Judge Boardman has ordered all cases set for trial vacated, on account of sickness.

Grand and Trial Jurors have been excused for the term by Judge Boardman. All pending probate business is continued until the 5th of November.

Nearly There.

There will be some interesting news to report from Pyramid next week. The tunnel will reach the ledge next Wednesday, and then will be disclosed a big bonanza.

By clothing yourself in warm and substantial woolen underclothes during the changeable Fall weather you will avoid colds and possibly pneumonia and consumption. The very finest, best and cheapest underwear in the State can be obtained of Abraham Brothers, at the White House.

A. C. Ross desires to return thanks to his neighbors and friends for sympathy and aid generously bestowed during the sickness and death of his little daughter Annie, and is especially thankful to Mrs. R. H. Kinney, Miss Nellie McCormick, Mrs. Burch and Mrs. Geo. Alt.

Tit-for-tat. Carson takes the Boyle trophy and Virginia the Clarke banner.—Carson Tribune. And don't you forget to mention that Eureka takes the Land Office.—Tuscarora Times-Review.

A SMART MAN

is one who does his work quickly and well. This is what Dr. R. V. Pierce's "Golden Medical Discovery" does as a blood-purifier and strengthener. It arouses the torpid liver, purifies the blood, and is the best remedy for consumption, which is scrofulous disease of the lungs.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw-1-yr

Fine Job Work.

The JOURNAL job office has just received a large and fine stock of paper, cards, inks, etc., for job printing and is prepared to take orders for every description of work in the printing line. Only skilled workmen are employed in the job room and no inferior work is allowed to leave the office. Compensating prices are charged for every job and satisfaction guaranteed. Call and examine our specimens and leave your orders.

A Chicago Merchant's Experience.

After I had become almost skin and bone, with neither strength, appetite nor ambition left, and the doctors couldn't help me, two bottles of Parker's Ginger Tonic cured me completely. M. B. Westcott, Lamp Mfr, Chicago.

Faded hair recovers its youthful color and soft, silky texture by the use of Parker's Hair Balsam.

Misery is a mild word to describe the mischief to body and mind caused by habitual constipation. The regular use of Ayer's Cathartic Pills in mild doses will restore the torpid viscera to healthy activity. Try them and be cured.

The most healthy and popular drink of the season is the ice cold soda water sparkling with purest gas and flavored with true, delicious fruit syrups, to be had only at Queen's soda fountain.
